

*Specification of Japan Made AICHI Model SV-030  
Self Propelled Aerial Working Platform*

Brand	:	AICHI
Model	:	SV-030
Country of Origin	:	Japan
Type	:	- Self propelled aerial working platform - Battery powered - Wheel type with solid tires
Working Height	:	4.7m (15.5 ft)
Platform Height (Floor to bottom of platform)	:	2.7m (8.9 ft)
Loading Capacity	:	200 Kg (441 lb)
Power Type	:	24V DC Battery
Platform Dimension ( L x W x H )	:	0.95 x 0.57 x 1m (3.1 ft x 1.9 ft x 3.3 ft)
Vehicle Dimension ( L x W x H )	:	1.26 x 0.725 x 0.6m (4.1 ft x 2.3 ft x 2 ft)
Turning Radius	:	1.6m (5,2 ft)
Running Speed	:	1.6 Km/h
Upward Speed	:	18 sec/str
Downward Speed	:	15 sec/str
Total Weight	:	530 Kg
Other Spec. & Safety Devices	:	Built-in Battery Charger, Overload Safety Device, Automatic Braking System, Emergency Stop Device, Emergency Safe Descending Device.
